

Summer Protocol Updates For Johnson Gymnastics

- ✓ If your child is not feeling well, has a fever, runny nose, cough etc... please keep them home
- ✓ **Masks will still be required** while in the facility, please make sure you are wearing them correctly over your mouth and nose
- ✓ We will NO longer be checking temperatures at the door
- ✓ We will continue to have the hand sanitizer at the door to sanitize your hands
- ✓ The bathrooms will be back to Normal
- ✓ Please make sure your pre-schooler uses the bathroom before class, when 1 has to go, they all have to go. We want to get the most out of our time in the gym
- ✓ The water fountain will be able to be used starting June 28th, if your child brings a water bottle they will continue to keep it in the assigned area, please do not fill your water bottle at the fountain. Water Bottles can be purchased in the office for \$1.00
- ✓ Shoes will be placed on the shoe rack in the waiting area. Team will keep their belongings upstairs in the team break room
- ✓ Hair should be pulled back before class starts. Please avoid beads, clips and bobby pins, this is a hazard when they fall out and if they are stepped on
- ✓ Please **refrain from calling, coaching or yelling to your child** during class, it gets confusing when the coach is trying to teach them their skills
- ✓ We will have more chairs available in the waiting area, we ask that spectators watching remain seated in their chair until the class is over or if you are leaving the facility and please **Do Not Move the Chairs**
- ✓ We are continuing with **only 1 spectator/parent (over 18)** to stay and watch
- ✓ If you have a sibling that has to stay due to a class prior or after, please have them sit on your lap to keep the chairs open for other families that are watching their child. If after the class has started and there is a chair available, then your child can sit there, but please if another family comes in have your child move from the chair to make it available to the other family
- ✓ Warm-Ups for classes are very important, your child's attendance is very important, however if **arriving after 10 minutes for pre-school classes and 15 minutes** for all other classes (excludes team), **we would prefer they not participate in the class**
- ✓ If your child is not attending class for any reason, please call the office **216.524.6659** or email us at **123jdg456@gmail.com** to let us know
- ✓ Please **check your emails on a regular base** for any and all information
